VOL. 56—NO. 135 JACKSONVILLE, ILLINOIS, THURSDAY MORNING, MAY 25, 1922 EIGHT PAGES—THREE CENTS

RATE REDUCTION IS ANNOUNCED BY THE COMMISSION

After July 1 Will Be Reduced by Amounts
Equal to 10 Per Cent of the Present Levels
—Will Cut the National Freight Bill \$400,-
000,000—Will Be of Benefit to This State

(By The Associated Press)
WASHINGTON, May 24.—Railroad freight rates will be reduced July 1, by amounts equal to 10 per cent of their present levels under a decision of the interstate commerce commission announced today.
Practically all classes and commodities of traffic are affected by the decision, which marked the conclusion of the investigation begun last autumn by the commission on its own initiative into the reasonableness of existing freight levels.
Agricultural products in all sections of the country outside of New England, livestock and western grain and grain products are the chief commodities excluded from the reduction, these comprising the freight classifications upon which reductions have recently been put into effect.
Passenger charges and Pullman fares also are left unchanged by today's decision.
With its decision on rates the commission announced also its determination of 5.75 per cent as the reasonable annual return which carriers in the future will be entitled to earn on their actual capital investment.

OFFICIALS ARE NOT EXPECTING TO GET INTEREST

Little Prospect of Foreign Nations Paying
in October

(By The Associated Press)
WASHINGTON, May 24.—A reply to the French government's request for an indication by the allied debt commission as to when a special mission of French experts would be received in the course of preparation it was said today at the treasury.
It probably will go forward within a day or two it was said.
Negotiations with France for the funding of that nation's war debt to this country, it was indicated, might be expected to take the form more of arranging the method of liquidating the obligations of that nation when its funds are available rather than with the expectation of payment of interest in October when the allied debts was deferred terminations.
While treasury officials have been non-committal to a great extent over the prospects of this country obtaining any large interest payments in October on its \$11,000,000,000 of demand notes of the various nations, the impression has been given that \$200,000,000 from Great Britain is all that is expected with any degree of confidence.

TEMPERATURES AID THE FARMERS

(By The Associated Press)
WASHINGTON, May 24.—Normal temperatures almost everywhere except in the south did much during the week ending yesterday to aid farmers. The weather bureau reported today in its weekly weather and crop review. Growth of vegetation was hindered in some north central and western states by insufficient rain.
Conditions as reported to the bureau favored a continuation of the satisfactory growth made during recent weeks by winter wheat. Rain was still needed at the close of the week in Iowa, while the crop was described as becoming weedy in western Kansas. Cool and cloudy weather in the spring wheat belt was favorable for that crop the review said. The oats which are in general backward in the interior valley states due to delayed sowing improved during the week.
Corn was reported as having germinated rather poorly in the upper Mississippi Valley but in most other sections the early planted is coming up to a good stand.
Planting made good progress in most central and northern areas.

PLAN TO SOLVE INTERNATIONAL LOAN PROBLEM

J. P. Morgan Met With European Bankers in Paris Yesterday

(By The Associated Press)
PARIS, May 24.—Four tentative solutions of the international loan problem for the settlement of the economic situation in Europe with particular reference to Germany were presented today at the meeting of the bankers' committee of which J. P. Morgan is the American representative and the spirit of the meeting was described by some of those who took part as indicating that something can be done.
It was even said that probably an announcement of a definite nature could be made in a relatively short time.
The solutions were submitted respectively by Mr. Morgan, who offered what he termed the "American plan," Sir Robert Kindersley, one of the governors of the Bank of England, Charles Sargent, former French under-secretary of finance and president of the Banque de l'Union Parisienne, and Dr. G. Vissering, president of the Netherlands bank. No hint was given as to what those plans are, but the committee conveyed an idea of optimism and definiteness when they called them "solutions."
The committee also decided to spend the next week in an exhaustive study of Germany's condition, which strengthens the belief that the bankers, in beginning their work see a chance to accomplish something tangible. The view as brought out in the discussion was that first impressions are not likely to be final; that great transactions, according to experience of those taking part in such meetings are usually the result of a compromise and that an opinion reached today might be greatly modified later, and also that it would be embarrassing the work of the committee if the individual members gave to their reportorial friends piecemeal accounts which would form the basis of public discussion and which would be misleading.
It was also desired to avoid as far as possible having the work of the committee affect the stock markets.
It was also observed today by journalists waiting at the Hotel Astoria entrance that while the other committee members came and departed in handsome automobiles, Mr. Morgan used a taxicab driven by one of the veterans of the Marne, that looked as though it might fall to pieces.

REDUCES NATIONAL FREIGHT BILL

On the statement of the commission that all freight revenues in 1921 approximated \$4,000,000,000 today's decision will reduce the national freight bill by \$400,000,000 per year. As stated in technical language to the roads, the commission said that after July 1, it would hold unreasonable rates including more than the following percentages of increase over the rates in effect immediately prior to August 26, 1920, and set up the territorial schedules as follows:
"In the eastern group also between points in Illinois territory, and between Illinois territory and the eastern group, 25 percent instead of the 40 percent authorized in the decision last cited (increased rates of 1920).
"In the western group and between the western group and Illinois territory 21.5 percent instead of the 35 percent so authorized.
"In the southern and Mountain Pacific groups 12.5 percent instead of 25 percent so authorized.
"On inter-territorial traffic except as otherwise provided herein 20 percent instead of the 33 1/3 percent so authorized."
Commissioner Polter in a concurring decision pointed out that the percentage reductions so defined are "in effect a requirement that present rates and charges shall generally speaking be reduced 10 percent."

CHICAGO COUNCIL MAKES PROVISION FOR EXTRA POLICE

State's Attorney Attempts to Prevent Release of Leaders

(By The Associated Press)
CHICAGO, May 24.—An ordinance appropriating \$675,000 for the employment of 1,000 additional policemen was passed by the city council today while the state's attorney's office was battling desperately in court to prevent the freeing of two labor leaders indicted in connection with the slaying of two policemen by bombers.
The release of the two, Fred Mader, and "Big Tim" Murphy, was sought on a writ of habeas corpus issued by Judge Miller. Despite the protests at State's Attorney Crowe, Judge Miller made the writ returnable tomorrow at which time he ordered the state to produce its witnesses and any evidence it may have against the two prisoners.
Meanwhile new indictments were returned charging Mader, Murphy, "Coa" Shea, business agent of the Electrical Janitors' Union, Dan McCarthy, business agent of the plumbers' union, John Miller, self confessed driver of the automobile used by the slayers of the two policemen, Margaret Hoffert, known as Mrs. John Miller, Charles D. Uchawski and Stanley Bylook, with murder.
Arguments were heard today on the appeal of Murphy, recently sentenced to six years in prison in connection with a \$400,000 mail robbery, for a new trial. Attorney for Murphy argued that his sentence was irregular in that he was sentenced on two counts when in reality there was only one crime committed.

JURY IN TRIBUNE LIBEL SUIT SECURED

(By The Associated Press)
CHICAGO, May 24.—The jury in the trial of the \$500,000 libel suit brought against the Chicago Tribune by Mayor Thompson was completed today. The case of the prosecution was outlined by the reading to the jury of extracts from articles in the newspaper and also headlines which the mayor contends were libelous.
The suit was based on what Mayor Thompson declared were allegations published in the Tribune after this country entered the war that he had failed to support the government in many of its acts, and by his attitude gave support to seditious movements.
"We shall show that the mayor's chief aim was to protect those constitutional guarantees which in time of war and distress are always in jeopardy," said David H. Jackson in his opening argument for the prosecution. Council for the mayor also emphasized to the jury that Mr. Thompson is suing as a private individual and citizen not as mayor.

Fuel that the company has had stored at mines in the district about Springfield has been picked up with a steam shovel and the cars sent to junction points on the line in accordance with the needs. KEYNOTE ADDRESS DELIVERED BY SENATOR WATSON

Forecasts Issues at Indiana Republican Convention

(By The Associated Press)
INDIANAPOLIS, Ind., May 24.—Political issues of the coming fall campaign were forecast today before Indiana Republicans at the first state political convention this year. Three speakers, looking toward the campaigns outlined the stand of the Republicans and the only one of them to specify a major issue was Albert J. Beveridge, the party's candidate for United States senator. He singled out the main issue as economic, declaring "the supreme and immediate duty is to restore American business to full strength and vigor adding that this meant the enduring prosperity of all the people."
The keynote address delivered by Senator James E. Watson, declared that efficient and wise management by the Harding administration of the nation's affairs, both foreign and domestic had accomplished substantial results in relieving "the evils of eight years of Democratic misrule." Mr. Watson's speech was regarded by political leaders as an official administration utterance having been discussed in advance with President Harding.
The third speaker, Governor McCray, praised the Republican administration of state affairs, emphasizing what he termed "the forward-looking legislation" that had been enacted and followed particularly in the last year.
For more than two hours, Mr. Watson recounted the record of the Harding administration declaring the administration needs no apologist and that "the merest recital of accomplishments is its vindication."

Mr. Beveridge declared that "America is to be congratulated on a record so splendid," in referring to the work of the national administration. Both Senator Watson and Mr. Beveridge apparently agreed on foreign affairs the senator declaring the Harding policy was that of "national independence, while Mr. Beveridge asserted that this nation should be guided by the policies of Washington and Lincoln.
Only speaking was on the convention program for the day and tonight committees were organized to draft reports for submission to the session tomorrow.

SENATE SPENDS DAY WRANGLING ABOUT GRAPHITE

Republicans and Democrats Both Split on Proposed Duty

(By The Associated Press)
WASHINGTON, May 24.—Practically all the daylight hours today were spent by the senate in a fight over the tariff duties on graphite which split both the Republican and Democratic ranks but left the finance committee majority victorious. Assault after assault was made on the committee proposals with roll call following roll call but each was repulsed, the duties being approved as recommended ten per cent ad valorem on amorphous graphite; 20 per cent crystalline lump and 2 cents a pound on crystalline flakes.
After a six hour struggle, the senate settled down to its night session. Attendance of majority senators continued to be unsatisfactory to Republican leaders who issued a call for a party conference tomorrow at which Republicans again will be urged to say on the job to get the tariff bill out of the way.
Senator Townsend, Republican, Michigan, opposed the committee rate of graphite. Early in the night session there was difficulty in obtaining a quorum but after some activity by the sergeant at arms the attendance of the necessary 79 senators was obtained. The senate then approved a committee rate of \$5.60 a ton on flourspar, after rejecting an amendment to reduce the duty to \$1.50.

REPUBLICANS IN DEADLOCK OVER SOLDIER BONUS

Democrats on Finance Committee May Have to Decide

(By The Associated Press)
WASHINGTON, May 24.—Democratic members of the senate finance committee may be called upon to break a deadlock among the Republicans of the committee over soldier bonus legislation. The subject was brought up today at a meeting of the majority and it developed that there was a five to five division on the so-called McCumber plan—the amended house bill—and the Smoot proposal to issue to service men paid up insurance in lieu of all compensation options heretofore proposed.
Chairman McCumber said after the session that he probably would call a meeting of the entire committee for this week.

The only action taken today by the majority was the appointment of a sub-committee consisting of Senator Curtis, McLean and Sutherland to hear Republican Leader Mondell relative to submitting the pending reclamation bill for the land settlement feature of the bonus measure which the senate committee Republicans have agreed to strike out of that bill.

SMALL JURORS WANT TO STAY OUT AT NIGHT

Object to Being Locked in Their Room at 9 o'Clock

(By The Associated Press)
WAUKEGAN, Ill., May 24.—The Grant Park Bank in which \$29,000,000 of state funds were deposited by Governor Len Small and Lieutenant Governor Fred E. Sterling, did not figure in loans made by officers of the bank to the Cudahy Packing company, officers of the latter testified today at the governor's trial on charges of conspiracy to defraud the state.
John E. Wagner, treasurer of the packing company and Frank I. Clark, assistant treasurer, testified the Grant Park Bank was not mentioned during their negotiations with the late Edward C. Curtis and Veron S. Curtis, his brother, who owned the bank charter.
An otherwise dull day was enlivened this afternoon when it was reported that the jury had threatened to "strike" unless new and younger balliffs were appointed to look after them.
The jurors complained that the present balliffs are both old men who want to retire early, so they put the jurors to bed at 9 p. m., much to their dissatisfaction. Judge Edwards called a recess while he conferred with attorneys for state and defense and Sheriff Green in an effort to agree on a third balliff to meet the jurors' demands.
The conference was unproductive of results and the judge promised to try to find a satisfactory candidate for balliff tonight.
It was learned after the recess that the balliffs also had complained to the court that the jurors were "razing" them. The trouble was said to have started because the elderly balliffs were unable to walk as fast or as far as the jurors desired on their daily constitutional.
Next the jurors complained against being locked in their third floor bed room at night because the Lake county court house is not equipped with fire escapes. Judge Edwards ordered the sheriff to purchase a supply of rope and equip all windows of the jury room with improvised rope ladders.
Small Reviews Boys' Parade
The jury-balliff squabble and a parade of school boys which kept the governor from court at start of the afternoon session while he reviewed the lads, furnished the only high spots of another dull day in the introduction of further documentary evidence for the state.

Mr. Wagner described the financial transactions between the Cudahy company and the Curtis Brothers and identified notes, drafts, checks and memoranda connected with those deals. He first met the late Senator Curtis, he said, when the latter appeared at his office to renew a Cudahy note which he had purchased thru F. S. Moseley & Co., Chicago note brokers. Later he said, the \$50,000 note was turned in and five of \$100,000 each was taken in its stead.
He described further loans obtained from the Curtis Brothers and his meeting with Vernon S. Curtis a year later.
Letters from the Curtis Brothers, on the stationery of the Grant Park Trust & Savings Bank, another institution owned by them, were identified by Mr. Clark. One of these letters referred to the return of an interest check to the Cudahy Company because it had not been properly signed.
J. M. Banahan, employed by the Moseley company, testified to the purchase of a \$500,000 note from the Cudahy company and its eventual sale to Senator Curtis. Mrs. Clara Lee Wilbur, a former employee of the Fort Dearborn National Bank of Chicago, who testified yesterday, was recalled for further cross-examination and was followed by Howard Rice, former assistant auditor of the bank. Rice's examination will continue tomorrow.

Mrs. Clara Lee Wilbur, a former employee of the Fort Dearborn National Bank of Chicago, who testified yesterday, was recalled for further cross-examination and was followed by Howard Rice, former assistant auditor of the bank. Rice's examination will continue tomorrow.

Mr. Wagner described the financial transactions between the Cudahy company and the Curtis Brothers and identified notes, drafts, checks and memoranda connected with those deals. He first met the late Senator Curtis, he said, when the latter appeared at his office to renew a Cudahy note which he had purchased thru F. S. Moseley & Co., Chicago note brokers. Later he said, the \$50,000 note was turned in and five of \$100,000 each was taken in its stead.
He described further loans obtained from the Curtis Brothers and his meeting with Vernon S. Curtis a year later.
Letters from the Curtis Brothers, on the stationery of the Grant Park Trust & Savings Bank, another institution owned by them, were identified by Mr. Clark. One of these letters referred to the return of an interest check to the Cudahy Company because it had not been properly signed.
J. M. Banahan, employed by the Moseley company, testified to the purchase of a \$500,000 note from the Cudahy company and its eventual sale to Senator Curtis. The increase in radio use is said to be at the rate of about 10,000 a month. The American people are interested in radio development that they are spending nearly \$5,000,000 a week in gratifying that interest.

It is said that tourists planning to go to California in June from the central and eastern states will spend at least a million dollars for railroad and sleeping car fares. This sounds like a large sum, but sinks into insignificance when compared with the \$77,000,000 that Americans who have already applied for transportation

are expected to expend in European travel this summer. A number of the railroads are equipping their locomotives with oil burners because of the pinch of the coal strike and the fear that it will not be possible to secure coal at any reasonable price during the summer months. It would be quite a joke on the coal operators if the railroads should find the oil plan satisfactory enough to warrant their permanent abolishment of coal as a fuel. Under normal conditions, the railroads use about half of the bituminous coal mined.

Interest attaches to the announcement that ferry boats transportation is to again be established at a point on the Illinois river about five miles below Beardstown. Years ago, a ferry was operated there between Brown and Cass counties. When the wagon bridge was built at Beardstown the ferry fell into disuse and finally abandoned. Now it is said, because the hard road route in Schuyler county goes thru Pleasant View and Rushville to Mt. Sterling the need of the ferry is felt. Members of the Beardstown club are arranging for this ferry service with the belief that it will bring people into Beardstown.

This matter of house rentals is another cause that Jacksonville residents have for self-congratulation. Occasionally there are complaints about high rentals asked for houses in this city, but a comparison with the prices asked elsewhere shows that the local house owners are making reasonable demands upon their tenants. Rents in Springfield are known to be 40 to 50 per cent higher than in Jacksonville, and on properties of a similar kind.

Travel is said to be so heavy on the hard road between Altam and St. Louis on Sundays that it is bewildering to the average car driver. In fact, some of the Altam people are finding it so difficult to travel along this congested highway that they are planning to stay at home on Sundays or to turn their cars in other directions. Some of this trouble of congested travel will disappear when the hard road system is wider in its extent.

The Bloomington Pantagraph uses the recent suggestion of Mayor E. E. Crabtree for the semi-annual payment of taxes as a text for advocating that plan. The Pantagraph says that sentiment in favor of this manner of tax payment is spreading rapidly. Further the paper says: "The burden on the tax payer would be lessened and the income of the state, corporation, municipality or other political body would be in no sense diminished. The change has every argument in its favor and it is hard to see what could be said against it."

LOWER FREIGHT RATES
The order by the Interstate commerce commission for a general

eral reduction of freight rates is a matter of widespread public interest. A reduction of 10 per cent will mean the saving of millions to the consuming public in transportation costs and should give added impetus to business. The commission has heard scores of appeals for lower rates and has written long continued argument to show why the decreases are necessary.

W. H. Stevenson, president of the Lake Erie and Ohio River Canal board of Pennsylvania, recently referred to this question of lower freight costs as the most important before the American public. He said: "The high cost of material for manufacture and of food and of labor and of clothing is being slowly but surely adjusted. The matter of reducing public expenditures, taxation and rentals is in the same situation. Before the close of the year these questions will probably all have been settled. Then the country will be in a position to enter upon a period of unprecedented prosperity. That period, however, will not only be greatly shortened, but will probably end in a temporary general business depression unless adequate, cheap and regular transportation facilities are provided at an early date.

"We cannot hope to properly meet foreign competition for exports unless we have a much lower rate for our products to our coasts, for we have to contend with the much cheaper foreign labor within other countries and also with cheaper carriage on foreign ships, as well as the shorter hauls to their seaports on the internal waterways of other countries."

MORGAN COUNTY PEOPLE
HURT IN AUTO ACCIDENT
Mr. and Mrs. Frank Hirdell and two children, who have been living in Chicago for a number of months past, started on the return trip to Morgan county in an automobile. Just outside the city limits of Chicago their machine was accidentally overturned and they were pinned underneath it for several minutes before their rescue by other car drivers who happened to pass that way.

All of the members of the family were somewhat bruised and scratched. They were taken to the home of Mrs. Laura Williams, 950 West Van Buren street, a relative, and will remain there for a few days before again starting on their trip to Chicago. They are expected here very soon, and will again live on their farm southeast of Jacksonville.

HEAVY FINE GIVEN LIQUOR SELLER
Judge Samnell Assessed \$250 and Costs as Auburn Man's Penalty for Bringing Booze Into Morgan County.

In the county court yesterday Emolt DeSire of Auburn, who was arrested by the Jacksonville police department Monday night on the charge of transporting liquor, entered a plea of guilty. Judge Samnell assessed a fine of \$250 and costs and the total sum will amount to \$273.

When DeSire was arrested he was accompanied by his wife, but the statement of both was to the effect that she had no direct connection with the liquor sales, and the woman was therefore not arrested. She returned to her family at Auburn and yesterday again reached the city accompanied by several of DeSire's friends, all of whom were present in the court room.

In default of the payment of the money DeSire was sent to the Morgan county jail, while his relatives returned to Auburn. It is understood that they expect to gather together the necessary funds and make the payment tomorrow, in order to secure the Frenchman's release.

The representative of a Ford motor car financing company was here yesterday in an endeavor to secure possession of DeSire's Ford sedan, claiming that the machine was under mortgage and that certain payments are still due. However, Chief of Police Keenan on advice of State's Attorney declined to turn the car over to the finance company until DeSire's fine has been paid.

NEW RULES EFFECTIVE JUNE FIRST ON WABASH

It was announced Tuesday at the offices of the Wabash Railroad company that the standard rules and regulations as sanctioned by the American Railway Association, will become effective on the Wabash beginning June first. Engineers, yardmen, trainmen and agents of the company have been instructed in the local shops so that they will be able to comply with the new rules better. The "2300" series engines now used on the Springfield division, will be replaced by the "2400" series, which are nine per cent heavier than the present type and are capable of pulling a larger load. These will be used for freight service.

TRAVEL TO COAST WILL BE HEAVY
General business conditions are not supposed to be quite as good as normal but that fact does not seem to interfere with travel. Records of one railroad system show that nearly 10,000 Shriners and Rotarians and their friends have secured passes for national convention to be held in Los Angeles and San Francisco in June.

One big railroad system which has a route by way of the Grand Canyon national park, has 45 special trains to provide for the special traffic. The charge for railroad and sleeping car tickets for these 10,000 travelers will amount to nearly \$1,000,000.

INTERESTING VIEWS SHOWN IN BANK WINDOW
Photographs of "Jacksonville in 1859" Now on Display in Window of Farmers State Bank & Trust Company.

A collection of photographs of various local scenes now on display in the window of the Farmers State Bank & Trust Co., is attracting a great deal of attention. The pictures belong to Frank J. Heintz, cashier of the bank, who has for years taken special interest in the collection of such views.

There are in the collection views of all four sides of the square, together with a bird's eye view of the city when it was nothing but a village. The view of the south side of the square shows Strawn's hall as the largest building, and the St. Louis Wholesale Liquor Co.'s branch house was located on the corner just east of the hall.

The west side picture shows the Wehr building, which is one of the oldest business locations in the city. Next to it was the store operated by S. Wolf. Other business houses on the west side were the Philadelphia Dry Goods Co. store, the Stenspen & Tompkins hardware store, E. Hamilton's bakery and the banking house of M. P. Ayers & Co.

On the north side is shown the Park hotel property, which in 1859 was known as the Hotel Fox. Near it was the queensware store of E. T. Gillett and the banking house of F. G. Farrell.

Among prominent buildings on the east side were Union Hall, the Sigo Iron & Hardware store, Campbell's Photograph gallery, Henry Rice's Temple of Fashion, and the stores of B. F. Stevenson and J. W. Lathrop.

Among other views on exhibition are those of the court house, Illinois College, Illinois Woman's College, the Academy and Central Hospital for the Insane. Altogether it is a most interesting collection and gives the onlooker a clear idea of the development which has come in the city during the intervening years.

JACKSONVILLE DAILY VACATION BIBLE SCHOOL

It opens June 5th at the Churches on the Four Corners. Few people realize the scope and extent of the daily vacation Bible School movement. In 1901 the first school was organized in New York by Rev. Robert G. Boyle. Since then in various types of communities all over the land similar schools have been maintained.

For from two to three months every summer about 20,000,000 children are withdrawn from school supervision. For many this is a happy vacation time, for many this is a danger. Street life, idle time, lack of definite schedules of work and play, and in many cases, inability of parents to solve the "idle hour," results in a demoralization that is detrimental to the child, home and community.

About 12,000,000 of these children never go to Sunday School or church. Democracy and home are not safe without the Bible and the knowledge of God. Furthermore the average Protestant child who attends Sunday school every Sunday in the year, only gets a very meager religious training, with a trifle of Bible education. Considering the irregular attendance due to bad weather, sickness, Sunday visiting and neglect, even the most faithful children get but little in the Sunday Schools.

By attending the Daily Vacation Bible School which is to be held in Jacksonville, the average child will actually get more Bible and religious training in the four weeks of school than he could possibly get by attending Sunday school every Sunday in the year. This may be one reason why Sunday School Superintendents, pastors, parents and patrons of children are welcoming the Daily Vacation Bible School.

To promote true piety and patriotism, to relieve parents and refresh children, to "vacation" in such a delightful way under skilled and conscientious leadership is a venture worth while. Jacksonville will undoubtedly respond to this happy vacation idea. W. H. Marbach.

LOCAL MERCHANT RETURNS FROM TRIP
T. M. Tomlinson Home From Ten Days Visit in Chicago and Pontwater—Attended Meeting of Clothier's Association.

T. M. Tomlinson returned Tuesday night from a ten day sojourn in Chicago and Pontwater, Michigan. While in Chicago Mr. Tomlinson attended the meeting of the State Presidents and Secretaries of the National Clothier's Association which was held in the Drake Hotel in Chicago. At the meeting it was decided to hold the National meeting of the Association in Madison Square Garden, New York, September 11-15.

Mr. Tomlinson, then went to Pontwater, Michigan, where his summer cottage is located, to have it put in shape for the coming season.

He reports the city to be having the largest building boom that it has experienced in the last 30 years. Some Chicago people have just had a \$20,000 cottage completed on the North beach there. While there Mr. Tomlinson stayed at the Verbeck Tavern. Fruit crops there promise to be banner ones this year.

On his return journey Mr. Tomlinson came thru Ludington, where he had been asked to speak before the Commercial Club, but which privilege he was denied because of lack of time.

Warren Boyd came up to the city from White Hall yesterday.

Upon beholding the grand canyon of the Yellowstone, earth's greatest painting in colors, Rudyard Kipling wrote:

"All that I can say is that without warning or preparation I looked into a gulf, 1,700 feet deep, with eagles and fish-hawks circling far below. And the sides of that gulf were one wild welter of color—crimson, emerald, cobalt, ochre, amber, honey splashed with port wine, snow-white, vermillion, lemon and silver-grey in wide washes.

"The sides did not fall sheer, but were graven by time and water and air into monstrous heads of kings, dead chiefs—men and women of the old time."

MRS. FRANK WILKE, of Syracuse, N. Y., formerly matron at the State Reformatory at Industry, N. Y., who says she is delighted with Tanlac since it restored her health after she suffered eight years.

"This is the first time in eight years that I have been free from stomach trouble and it is all because of the wonderful good Tanlac has done me," said Mrs. Frank Wilke, 229 Cedar St., Syracuse. Mrs. Wilke formerly resided in Buffalo and for two years was matron of the State Reformatory at Industry, N. Y.

"I was eating scarcely enough to keep me alive," she declared, "for I would rather not touch a bite than suffer the misery I know would follow. Even sweet milk disagreed with me. I was sick in bed for two and three days at a time, and gas on my stomach made such awful pressure on my heart it almost cut off my breath. I had horrible dreams at night and in the morning was all tired out."

"Well, the longest day I live I will praise Tanlac, for my improvement has been simply remarkable. I have no more heartburn, my appetite is wonderful, I can eat most anything I want, and my sleep is sound and restful. I am thoroughly delighted with Tanlac. It is wonderful. Tanlac is sold by all good druggists.—Adv.

DECORATION DAY APPROACHES

Amid the many affairs demanding attention at this season of the year do not let us forget decoration day next Tuesday.

In the morning, very early, all who have flowers to donate for the purpose are urged to bring them to the north side of Central park, north side square, where ladies will be ready to prepare them for the decorating purposes.

There should be a generous response to this, as has ever been the case in the past. The veterans of the Civil War are becoming few and their comrades should have their memories honored. It is especially desired also that there be a generous attendance at Centenary church Tuesday afternoon in the general exercises will take place.

MEMBERSHIP DRIVE TO BE STARTED SOON

Prospect Committee of Chamber of Commerce is Planning its Work—Drive Starts Week of June 5.

The Prospect Committee for the Chamber of Commerce membership drive met in the organization headquarters and selected several hundred names of prospective members for the Chamber of Commerce. These names will be used in the coming membership drive to be staged the week of June 5th. The committee will meet again this week to complete their work and make the final plans for the drive.

The committee is headed by Harrison King and includes H. C. Clement, Francis R. Rantz, Frank Leach and Marcy Osborne.

The present membership of the Chamber of Commerce is 512 and it is hoped to add at least 200 new members to the roll during the coming drive. A city of Jacksonville should have a membership of from 900 to 1,000 and it is hoped that in time the local organization will have a total membership of approximately this number.

The city of Jacksonville with a population of 12,000 has a membership in the Chamber of Commerce of 459; Charleston, with a population of 9,000 has a membership of 428 and other cities in Illinois have commercial organizations with a membership in like ratio to the population. It will be seen from these figures that Jacksonville should number more of her citizens as members of the Chamber of Commerce and it is hoped that the coming drive will result in a larger membership.

**Firestone
CORD TIRES**

The tire section above at the left shows the condition of a Firestone 33x4 1/2 Cord Tire after 20,994 miles on a Yellow Cab in Chicago.

The section at the right was cut from a new Cord of the same size. Careful measurements show that only 1/3 of the tread of the tire on the Yellow Cab has been worn away after this long, grueling test. The carcass is intact after more than 11,000,000 revolutions.

Firestone Cords have averaged over 10,000 miles on Chicago Yellow Cabs (1,200 cabs all Firestone equipped). In thousands of instances, they have given from 15,000 to 30,000 miles.

Look at the tread—scientifically angled against skid, massive

and heavy in the center where the wear comes, tapered at the edges to make steering easy and to protect the carcass against destructive hinging action of high tread edges. The carcass is air bag expanded to insure uniform tension and paralleling of every individual cord. It is double "gum dipped" to make sure that each cord is thoroughly insulated with rubber.

This is the reason why Firestone Cords unfailingly deliver extraordinary mileage. It explains the unanimous demand of thoughtful tire buyers for these values. The local Firestone dealer will continue to provide the personal service that makes Firestone tire comfort and economy complete.

MILLER BROTHERS ARE SENTENCED TO PONTIAC

James and Arthur Miller Found Guilty of Charges of Robbery in Circuit Court—Other Court News.

James and Arthur Miller yesterday entered a plea of guilty to the charge of robbery at the point of a gun. They were sentenced by Judge F. W. Burton to the Pontiac reformatory. These young men, together with Louis Fraser, were charged with the hold up of the Amos W. Kellogg restaurant last December, when Mr. Kellogg was robbed and severely beaten.

Fraser, the third man of the group, it is understood is also ready to plead guilty but because of illness was unable to appear in court yesterday.

The plea of guilty on the part of the Miller brothers came as a surprise to most persons, as they were expected to stand trial. However, yesterday it developed in the court proceedings that a written confession had been made several weeks ago in the presence of State's Attorney Robinson, Chief of Police Kiloran and others. James Miller is twenty three years of age and his brother seventeen. They asked to be sent to Chester penitentiary instead of Pontiac, but the court decided otherwise.

The rumor was current yesterday that Fraser also has confessed and intends to enter a plea of guilty.

Fred Allen, another man whose trial was to have been had at this term, also entered a plea of guilty to the charge of forgery and was sentenced to Chester.

Allen several months ago attempted to cash a check in T. M. Tomlinson's store and when an effort was made to detain him escaped by kicking the glass out of the front door. He was subsequently arrested by Patrolman McGinnis in an alley after he had put up hard resistance. Allen yesterday entered a plea of guilty and at the same time started to tell the judge that he was not guilty.

On petition Mrs. Mary Kinney was appointed trustee in the estate of George P. Davis and bond fixed in the sum of \$3,000. The docket was set for the coming week yesterday, following the conference of the attorneys with Judge Burton and Circuit Clerk Wanamaker.

SUCCEEDS WHERE DOCTORS FAIL

Lydia E. Pinkham's Vegetable Compound Often Does That. Read Mrs. Miner's Testimony

Chubbuck, N. Y.—"I was under the doctor's care for over five years for backache and had no relief from his medicine. One day a neighbor told me about your Vegetable Compound and I took it. It helped me so much that I wish to advise all women to try Lydia E. Pinkham's Vegetable Compound for female troubles and backache. It is a great help in carrying a child, as I have noticed a difference when I didn't take it. I thank you for this medicine and if I ever come to this point again I do not want to be without the Vegetable Compound. I give you permission to publish this letter so that all women can take my advice. —Mrs. FRED MINER, Box 102, Chubbuck, N. Y."

It's the same story over again. Women suffer from ailments for years. They try doctors and different medicines, but feel no better. Finally they take Lydia E. Pinkham's Vegetable Compound and you can see its value in the case of Mrs. Miner. All ailing women ought to try this medicine. It can be taken in safety by young or old, as it contains no harmful drugs.

CONCERT TO BE GIVEN AS BENEFIT FOR S. S. L.

Well Known Musicians of City to
Unite in Concert Program May
31 for Benefit of Social Ser-
vice League.

The concert to be given May
31st in the high school auditorium
promises to be one of the most in-
teresting events of the musical
season.

The program will be made up
of members of the Illinois College
chorus, a body of mixed voices
under the leadership of Mr. Quast,
the Conservatory orchestra, under
Mr. Kritch, and the Illinois College
Glee Club, under Mr. Quast. The
concert will not begin until 8:30
on account of the prayer meetings
at the various churches.

The musical public of Jackson-

ville is more or less familiar with
the work of the Illinois College
Chorus and the Conservatory or-
chestra. The concerts given un-
der the auspices of the Conserva-
tory through the past years have
always been of the highest order.
The personnel of the Chorus has
necessarily changed somewhat
from year to year, as standard
came and went, but the standard
has always been maintained, and
a number of worthy musical
works, opera and oratorio as well
as separate short choruses, have
been presented in a manner re-
flecting great credit both on their
conductor and themselves. This
year several of the best-known
choruses from Sullivan's "The
Golden Legend" will be sung.
This beautiful work was given in
its entirety a number of years
back by the same organization,
with Miss Idamay Dunaway and
Miss Ruth Leach, now Mrs. Carl

Robinson as soloists and was en-
thusiastically received by the
audience which filled Westmin-
ster church. The lovely chorus
"Oh Gladstone Light," the short
but exquisite "Oh Pure in Heart"
and the stirring fugue chorus
"The Night Is Calm" are three
of the selections to be used on
this occasion. The Dett "Listen
to the Lambs," which made such
a pronounced hit at the Midwin-
ter concert, will be repeated, and
in addition a similar work by the
same composer entitled "Oh Holy
Land" will also be sung. Under
the magnetic leadership of Mr.
Quast, whose ability as a choral
director is equal to his already
well-known excellence as an in-
terpreter of song, these choruses
are sure to be well worth hearing.

The work of the Orchestra
scarcely needs advertisement, for
we have heard them improving
steadily from year to year, and
are sure of real enjoyment in
listening to what they have to
offer. Mr. Kritch is an indefatig-
able worker with this organiza-
tion, and he produces some extra-
ordinarily big effects with a com-
paratively small body of players,
as we know well from concerts of
recent years. At this concert he
will bring forward numbers of a
popular-classical nature—if one
may use their best manner, they
yet have won popularity by their
inspired melody and infectious
rhythm. Selections from the
opera "Carmen" by Bizet, a Rus-
sian Ballet Suite in five parts, by
Ligeti, and the March from Vic-
tor Herbert's great popular
success "Babes in Toyland," are
among the offerings. To speak of
Mr. Kritch's merits as an orches-
tral conductor would be superfluous,
for Jacksonville is well
acquainted with his remarkable
skill in this direction.

The Girls' Glee Club, of Illinois
College, has been rehearsing all
winter under the able direction
of Mr. Quast, who showed in the
concert given on May 18th what
he can do with a chorus exclusiv-
ely of ladies' voices. Comparativ-
ely few availed themselves of the
opportunity to hear the Club on
that evening, when many counter-
attractions were on, but those
who did were astonished at the
finish and variety of their en-
semble singing. Some of the
choruses which appeared to make
the strongest appeal will be given
again at this concert. To many
the performances of the Club will
be a complete novelty.

The High School Auditorium
has been chosen as the most suit-
able place for an affair of this
kind. Its seats are well arranged
and comfortable and its stage
adequate for both the chorus and
the orchestra. Those who attend
the concert will receive from it
double enjoyment; the pleasure
given by the music itself and the
enjoyment of knowing that they
are contributing to a most
worthy cause—the Social Service
League. It is hoped that the
auditorium will be filled to the
last seat.

The date, May 31st, has been
chosen as being the evening when
there happen to be few counter-
attractions.

WHITE HALL GARAGE ENTERED BY THIEVES

Cain's Ford Garage Robbed of
Considerable Sum of Money at
Early Hour Wednesday Morn-
ing—Reconstruction Work
Halted.

White Hall, May 24.—Cain's
Ford Garage on South Main
street was entered by prying
open a rear window at about
two o'clock this morning. The
outside door of the safe was
chiseled off the combination
apparatus, the intruders then
charging the inner money ap-
artment with dynamite. Between
\$75 and \$100 in checks and
money was secured, the exact
amount not being known at this
hour because of the necessity of
making a check. Bloodhounds
were put on the trail this morn-
ing. They followed a course thru
Whiteside park and toward the
drain tile plant, where the trail
was lost.

The report of the explosion
was heard by Night Policeman
Clouder, but the men made their
escape before the policeman
located it.

The work of reconstructing
the lines of the C. I. P. S. Co., in
town was given a halt Tuesday
when workmen digging a hole
for a pole on Main street were
ordered by Mayor H. W. Rood-
house to desist on the ground
that Main street is now almost
deleted of poles and no more are
permitted on that thoroughfare.

The mayor last week moved to
stop the completion of the Stand-
ard Oil filling station on the
ground that the walk on Main
street is not laid on a proper
grade. It was understood that
the filling station would be closed
this morning until the mayor's
order was complied with, but
business is still in progress as
this is written. The first cus-
tomer of this magnificent new
station at the corner of Main and
Bridgewater streets is Henry Day
of the vicinity of Roodhouse. E.
C. Morris, a local employee of the
Standard Oil Co., is in charge.

SALVATION ARMY'S FLOOD RELIEF WORK

Report Made by Lieutenant L. E.
Hall Indicates Activities of
Army in Relieving Flood Suf-
ferers.

A report has been made by
Lieut. L. E. Hall of the Salvation
Army, indicating the large amount
of relief work which the army did
during the recent flood condi-
tions. Lieut. Hall spent more
than a month at Beardstown and
there were in addition 15 other
Army workers there, all under di-
rection of Capt. Fred Brewer.

The army established four
depots there, each of which had
sleeping and cooking accommoda-
tions and a built in stage equip-
ped with a piano. Electric light was
furnished free of charge and the
telephone service was also furn-
ished free of charge by the Illinois
Bell Company.

The meals furnished by the
Army totaled 20,102 in Beard-
stown and approximately 10,000 at
other points, including Naples,
Valley City, Browning, Frederick
and Kampsville. There were 720
blankets distributed among the
destitute, 5,882 garments, 508
pairs of shoes and 72 tons of coal.
Visits were made to 1,681 homes
and tents and 62 meals prepared
by the Salvation Army ladies in
homes where there was sickness.

Religious and social features
were not forgotten, and the re-
port indicates that 734 entertain-
ments were given or sponsored by
the Army. There were 17 relig-
ious meetings and 693 homes
where people were prayed with.
There were in addition a number
of cases where medical aid was
provided.

RENTS ARE HIGH IN SPRINGFIELD

Complaints are sometimes
heard that house rentals in
Jacksonville are too high. A lo-
cal resident who is familiar with
Springfield rentals can testify
that rents are much higher in the
capital city than is true here. A
house from 7 to 9 rooms in good
condition and well located, will
rent easily from \$75 to \$90 per
month. In fact, it is very diffi-
cult at this time to secure a house
of this kind at the \$75 rate.

There are a good many houses
in Springfield for sale at reason-
able prices, the cost of building
taken into account, but when it
comes to rentals, that is a differ-
ent matter.

S. S. S. Fills Out Hollow Cheeks, Thin Limbs!

Men and women, whether you will ever build yourself up to your normal, just-right weight depends on the number of blood-cells in your blood. That's all there is to it. It's a scientific fact. If your blood-cell factory isn't working right, you will be run-down, thin, your blood will be in disorder, and perhaps your face will be broken out with pimples, blackheads and eruptions. S. S. S. keeps your blood-cell factory working full time. It helps build new blood-cells. That's why S. S. S. builds up thin, run-down people, it puts firm flesh on your bones, it rounds out your face, arms, neck, limbs, the whole body. It puts the "pink" in your cheeks. It takes the hollowiness from the eyes, and it fools Father Time by smoothing out wrinkles in men and women by "plumping" them up. S. S. S. is a remarkable blood-purifier. While you are getting plump, your skin eruptions, pimples, blackheads, acne, rheumatism, rash, fever, blotches are being removed. The medicinal ingredients of S. S. S. are guaranteed purely vegetable. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

PHI ALPHA TO HOLD TRI-ENNIAL

Seventy Seventh Anniversary of Illinois College Literary Society Will Be Observed June 13.

The tri-ennial reunion and 77th anniversary of Phi Alpha society of Illinois College is to be held Tuesday, June 13. An effort is being made to secure a large attendance of the past members of the society.

The diamond jubilee was held in June, 1920, and is still an event of fragrant memory, several hundred former members of the society being in attendance, among them some of the oldest graduates of the college.

While the committee arranging for the anniversary observance this year does not hope to equal the attendance record of 1920, sufficient interest has already been shown to make it certain that the former members will be well represented. Following custom, the anniversary program will include several addresses and banquet with informal toasts. The committee on arrangements for the anniversary event includes Glenn Weaver, Elmer Nickel, Harry Howard and Roy Mabrey.

INDEES TO PLAY ILLINOIS GIANTS

Fast Colored Team of Springfield to be Here Sunday—Murrayville on Decoration Day.

Manager Frank Smith of the Indees announced yesterday that he had booked the Illinois colored Giants of Springfield for Sunday afternoon at South Side park.

The colored team is said to be one of the best in this section and has on its roster several players who formerly were with fast teams in St. Louis and Peoria. Last Saturday and Sunday the Giants defeated the Hannibal A. B. C. two games by close scores.

On Tuesday, Decoration Day, the Indees will battle the Murrayville team. Murrayville has Tom Doyle and many of the old favorites of former years and is putting up a good article of ball, defeating a Springfield team last Sunday.

The lineup for Sunday's game will be the same as that used in the Roberts Brothers game. Manager Smith probably will have a new hurler working in the game with Murrayville on Tuesday.

Sunday's game will be called at 3 o'clock. The Decoration day game will be called at 3:15 o'clock so that it will not interfere with the exercises down town.

NEW YORK TAKES LAST GAME OF SERIES

PIRATES MADE CLEAN SWEEP OF SERIES

PITTSBURGH, May 24.—Pittsburgh swept the series with Philadelphia by winning today 11 to 4. Henline hit over the left field wall in the eighth inning with one man on. The game was called at the end of the eighth to allow the Pirates to make train connections for St. Louis.

CARDS DROP FOUR STRAIGHT GAMES

ST. LOUIS, Mo., May 24.—Boston made it four straight by winning today's game from St. Louis 9 to 3, marking the longest slump for the year for the Cardinals. Oeschger was wild at times but proved effective in the pinches. Southworth hit a homer. Oeschger featured.

Foot Troubles

Nine Out of Ten Wear Shoes They Should Not

This probably is not the fault of the wearers but of the men who sold the shoes. They did not understand your peculiar needs. A No. 7 shoe won't fit every person who happens to have a "No. 7 foot." There are many things that enter into the right fitting of feet—knowledge of the foot itself, the shape of the shoe needed to give comfort, and the leathers used.

For many years we were employed as foreman of a big shoe factory specializing in fitting the "Hard-to-Fit" and in supplying the proper shoe to correct and relieve existing foot troubles.

Shoes for men, young men and boys—We guarantee to fit you properly, comfortably, satisfactorily. Come in and talk to us about your foot difficulties.

TELEPHONE LINES DAMAGED
While a resident of Prospect street was cutting a small limb from a tree yesterday, it fell in such a manner as to strike a set of telephone wires. The shock was of sufficient force to cause five telephone poles to be snapped at their bases. One barely missed an auto that was parked nearby. All of the poles on one side of Prospect street from College Avenue to Grove street were downed as a result. It is believed that the poles that were broken belong to the Illinois Telephone Company, although no phones were put out of commission by the accident.

WILL DELIVER MEMORIAL ADDRESS
Rev. T. H. Tull, pastor of the Grace M. E. church has been secured to give the Memorial Day address in Murrayville next Sunday. The services will be in charge of the American Legion and will be held in the park unless bad weather forbids, in which case the program will be given in the Methodist church.

NEAR HALF WAY MARK IN HOSPITAL CAMPAIGN

CITIZENS RESPONDING TO APPEAL FOR OUR SAVIOUR'S
Chairman Harmon Last Night Reported Total of \$12,287.25—Many Subscription Cards Still to be Heard From

The halfway mark has nearly been reached in the campaign to raise \$25,000 for Our Saviour's Hospital new addition. Captains in the business districts continued their work yesterday with gratifying results. Captains of wards made additional reports last evening which show that the people of the residence districts are alive to the importance of the project and to the advisability of completing the campaign as soon as possible. One of the most pleasing features of the campaign is the large percentage of cash donations. About 90% of the subscriptions are paid in cash, although the donors have the privilege of making deferred payments. Of course this fact is pleasing to the Sisters of the hospital because receipt of so many cash subscriptions will enable the Sisters to pay for the furnishings and equipment immediately upon receipt of them.

More Rooms Pledged
The pledging of \$250 to furnish a room in the new addition continues to be a most attractive manner for individuals and families to express their interest in the hospital and its work. A more fitting memorial to a deceased relative or friend cannot be created at so modest a cost. A marble shaft erected over the last resting place of a dear one in a cemetery is a beautiful memorial, but it can never be of the same value to suffering humanity as can be a memorial room in a hospital.

Yesterday four additional rooms were pledged by Jacksonville people, bringing the total number pledged to 20, which is one third of the whole number of rooms for patients in the new addition.

One unsolicited pledge for a room was telephoned to headquarters in the Chamber of Commerce rooms by Father Lucius of Alexander, who stated that his parish had decided to furnish a room.

This makes four rooms which are to be furnished by families or organizations outside of Jacksonville.

Although this campaign is being conducted in Jacksonville, donations from individuals, families or organizations outside of Jacksonville will be gladly received by the campaign committee.
